

Cable Connector

We hold expertise in offering premium quality of Cable Connector to our prestigious customers. Designed by KASWELD to the industry set norms at the vendor's end, these Cable Connectors are used to connect the welding consumables. Offered Cable Connectors undergo various in-house quality assurance checks conducted by our team of quality controllers in order to ensure a defect free range.

The component that you attach to the end of a cable so that it can plug into a port or an interface of an electronic system. The majority of connectors are either male or female gender; the males have one or more exposed pins and the female contains holes for those male pins to insert into.

Product Identification Section

Product Name:	Cable Connector
Product Group:	Arc Welding
connector type :	Male Female
Manufacture / Supplier	KASWELD
Usage:	Welding
Features :	High Strength, Flawless Finish & Optimum Durability
Packaging :	Carton Boxes
Material :	Aluminum Alloy, Nickel
Color :	Black

Product Size Specification

10-25

35-50

50-70

70-95

Our firm could be a renowned entity offering top grade Welding Cable Connectors. Fabricated using superior quality brass, these connectors are used for connecting different cables or wires efficiently. For the convenience of our clients, we avail these connectors in various cable sizes and current carrying capacities that range between 200 amperes to 600 amperes. These connectors find great application to attach any two lengths of flexible welding cable and versatile welding cable to welding machine.

How to use.

We feel immensely pleased to offer an exclusive gamut of Cable Connectors. Our offered regulator is by utilizing optimum quality raw material and advanced technology . In order to ensure quality, the entire range is rigorously tested on various parameters. In tune with international standard, we provide the entire range in various specifications, as per the requirement of our clients.

We have gained expertise in delivering a high quality range of Welding Accessories. With an objective to fulfil the strain of our clients, we are engaged in offering a good range of Welding Cable Connectors These Welding Cable Connectors are manufactured using superior quality material still advance techniques by our professionals at our manufacturing unit. The connectors are carefully manufactured using high grade material and advanced technology per the set industry standards. Our offered welding cable connectors are rigorously examined against several quality measures.
